BATTERY LIFE: 3 YEARS
BATTERY TYPE: 377 (SR626SW)

FOR 2/3 HANDS WATCHES WITHOUT CALENDAR

SETTING THE TIME

- Pull out the crown all the way.
- Adjust the time by turning the crown in the desired direction.
- Then push back the crown to its normal position.

FOR THE WATCHES WITH CALENDAR

SETTING THE DATE

- Pull out the crown to the first position.
- Turn the crown until the desired date.
- Push back the crown to the normal position.

SETTING THE TIME

- Pull out the crown all the way
- Adjust the time by turning the crown in the desired direction.
- Then push back the crown to the normal position.

Warning:

For some Lancaster Watches with a “screw crown”, it is necessary, before doing the above operations, screw the crown and then push it back to its normal position and screw back it on after setting date and time.
